EDUCATION

DEGREE EDUCATION (2021)

G.H. Raisoni Academy Of Engineering And Technology , Nagpur

Rashtrasant Tukadoji Maharaj Nagpur University

IT SKILLS

Programming	**:** Java, MySQL, Data Structures and Algorithm, JSP and Servlets.
Framework	**:** Hibernate, Spring MVC ,Spring Boot.
Web Development	**:** HTML5, CSS3, JavaScript.
Tools/Application	**:** MS-Office, MS-Excel, MS-Office Eclipse.
Operating System	**:** Windows XP/10, Ubuntu.

PROJECTS

Project Title: Online Bookstore Management System

Project Description:

Summary:

Developed an Online Bookstore Management System using Spring Boot, demonstrating a strong understanding of Object-Oriented Programming (OOP) concepts, Java programming proficiency, and knowledge of advanced Java concepts. Implemented RESTful APIs for managing books, customers, and orders, and leveraged Hibernate for data mapping and MySQL for data storage.

ROLES AND RESPONSIBILITIES

- RESTful APIs for CRUD operations on books, customers, and orders
- Secure user authentication and authorization.
- Integration with Hibernate for database mapping.
- MySQL database to store book, customer, and order data.
- Responsive UI with HTML and CSS for user-friendly front-end.
- Exception handling and custom exceptions for robust error management.
- Comprehensive testing using Postman to ensure the functionality of REST APIs.
- Project managed using Agile methodologies and JIRA for issue tracking.

PROFESSIONAL SUMMERY

- Strong understanding of Object-Oriented Programming (OOP) concepts.
- Proficiency in Java programming, including collections, exception handling, strings, and frameworks.
- Knowledge of advanced Java concepts such as JDBC, Servlets, and JSP.
- Ability to write and understand MySQL queries.
- Familiarity with web application development using Spring Boot.
- Awareness of Hibernate mapping.
- Capable of producing and consuming REST API services.
- Experience with coding standards in accordance with industry best practices.
- Exposure to Agile methodologies and project management using JIRA.
- Understanding of the Software Development Life Cycle (SDLC).
- Familiarity with Apache Tomcat for web application deployment.
- Knowledge of UI technologies including HTML and CSS.
- Experience with Spring IOC and Spring MVC frameworks.

- Proficiency in backend Java development.
- Familiarity with version control using Git.
- Skills in designing custom exceptions.
- Knowledge with Postman for API testing.

SOFT SKILLS

- Self – driven.
- Good planning and effective implementation.
- Brainstorming, Logical thinking and Analytical abilities.
- Confident and Articulate.
- Lead a team of 4 members in presentation competition

DECLARATION

I hereby declare that the information furnished above is true to the best of my knowledge.
